PROFILE

I'm a Web Developer with a passion for problem-solving and delivering results. I've got experience with React, Redux, JavaScript, TypeScript, Tailwind, HTML, CSS, Node.js, and SQLite 3, and I'm always looking to improve my skills. I recently graduated from a software program and I'm eager to jump into a junior role where I can build awesome web applications.

EXPERIENCE

Dev Academy – Student/Apprentice

Jan 2023 – May 2023

At Dev Academy, I acquired skills in web development and problem-solving. The course emphasized collaborative teamwork and empathy in the development process. As part of our final project, I learned how to use React and Redux to build a full-stack application, as well as how to integrate Google Maps API and Chart.js to create a more interactable web application.

Polo Industrial Machinery - International Trade Representative

Jan 2021 – Dec 2022

Objective was to continue supporting the director in developing new business ventures and managing logistics with Chinese manufacturers. Focus on reducing costs and optimizing efficiency to support the success of the business ventures and streamline logistics processes. Emphasized maintaining focus on objectives throughout the process.

Hyundai - Sales Consultant

Aug 2019 – Oct 2020

In my role, I provided excellent customer service and responded to sales and finance inquiries. I also set up and presented BuyNow vehicles, utilizing my sales and financial knowledge. Additionally, I achieved monthly sales targets/KPIs and earned commissions through effective negotiation, goal-setting, and financial acumen skills.

Polo Industrial Machinery - International Trade Representative

Sep 2017 – May 2019

Collaborated with the director to develop new business ventures and reduce costs by monitoring expenditures. Managed logistics and communications with Chinese manufacturers, translating documentation from English to Portuguese.
