### PROFILE

---

I'm a Web Developer with a passion for problem-solving and delivering results. I've got experience with React, Redux, JavaScript, TypeScript, Tailwind, HTML, CSS, Node.js, and SQLite 3, and I'm always looking to improve my skills. I recently graduated from a software program and I'm eager to jump into a junior role where I can build awesome web applications.

### EXPERIENCE

---

*Dev Academy – Student/Apprentice*

**Jan 2023 – May 2023**

At Dev Academy I completed a comprehensive software development course that equipped me with the skills to proficiently work with web development and problem solving, while also emphasizing the importance of collaborative teamwork and empathy in the development process.

*Polo Industrial Machinery - International Trade Representative*

**Jan 2021 – Dec 2022**

Upon returning to the same role, the main objective was to continue supporting the director in developing new business ventures and managing logistics with Chinese manufacturers. Throughout this process, the focus remained on reducing costs and optimizing efficiency, in order to support the success of the business ventures and streamline logistics processes.

*Hyundai - Sales Consultant*

**Aug 2019 – Oct 2020**

I assisted customers with sales and finance queries, and set up and presented BuyNow vehicles. In this role, I met monthly sales targets/KPIs, earning commissions based on vehicles sold, and provided after-sales service to ensure customer satisfaction.

*Polo Industrial Machinery - International Trade Representative*

**Sep 2017 – May 2019**

Collaborated with the director to develop new business ventures and reduce costs by monitoring expenditures. Managed logistics and communications with Chinese manufacturers, translating documentation from English to Portuguese.
